Jed's Bancroft

Fuel Surcharge

Due to the gas prices in our area, and in line with our mission to fairly compensate our drivers for the work they do, all delivery fees now include a \$0.75 fuel surcharge. This \$0.75 is passed directly through to your driver, and will help with their ability to continue to deliver you your food in an efficient and friendly manner. This surcharge does not take the place of any tip, but rather brings their pay back to affordable levels when the gas prices were much lower. Thank you for your understanding and continued support of our local company!
